The *ProductPro*® program is a series of courses in the areas of product knowledge most important to today's wholesale distributor. *ProductPro*® product knowledge courses will make your employees smarter about the products they sell. *ProductPro*®-trained employees will make fewer errors, reducing your operating expenses and shrinkage and increasing customer satisfaction. These highly effective courses will also help you get your new employees up to speed faster and build their confidence.

All *ProductPro*® courses include a basic instruction book with short quizzes which students can self-correct, a final exam (graded by the ASA Education Foundation), and certificate of completion for those earning a passing grade.
